In response to an epidemic that kills

7 Floridians a day...

Hospitals and Health Departments in Charlotte, DeSoto, Manatee and Sarasota Counties have joined together to address prescription drug abuse.

Intended for prescribers and dispensers of prescription drugs...

This educational offering will present a framework for safely prescribing opioids. A national leader in the field, together with local experts, will highlight important tools for protecting your practice, your patients and your community.

Because this is part of an important regional effort...

This session will be offered at multiple times in various locations. Please plan to attend an event that works with your schedule. Lunch or dinner will be provided. There is no cost and one CME or CE credit will be provided. Register at the web address below. Questions? Contact Kari Ellingstad at Kari@CHIP4Health.org or 941.275.9139.
